

June 27, 2000

**Suisun Marsh Stakeholders:**

Enclosed you will find a copy of the Draft Suisun Marsh Levee Investigation Report. This draft report is the result of the efforts of the Suisun Marsh Levee Investigation Team and stakeholder comments received at the March 6, 2000 workshop. This team was formed in January of 1999 and includes participants from CALFED, SRCD, DFG, DWR, USBR, and MBK Engineering, as well as some Suisun Marsh stakeholders.

Your continuing input in this process is very important. The next CALFED Levee Investigation workshop is scheduled for July 24, 2000, from 6:30 p.m. to 9:00 p.m. This workshop is intended to provide a forum to discuss the draft and to receive additional public comment.

Don't miss this opportunity to be heard. I encourage you to review the entire draft report. Please, at the very least, read "Conclusions and Staff Recommendations" of the draft report (Section XI, starting on page XI - 1) and write out your questions or comments on the enclosed response form. This will promote discussion at the workshop and help CALFED staff incorporate your comments into the workshop minutes and the final report to CALFED management.

After you have read the draft, please pass it along to any other landowners or members who may be interested and encourage them to attend the meeting as well.

We had excellent attendance at the last CALFED workshop and I strongly encourage every Suisun Marsh stakeholder to attend this workshop. Active stakeholder participation and input during this workshop is essential to provide direction to CALFED in its future activities in the Suisun Marsh. It will be held at the Solano County Office of Education located at 5100 Business Center Drive in Fairfield, CA.

Sincerely,

Steven Chappell  
Executive Director, SRCD
